What Parents Can Do:

When parents and families get personally involved in education, their children do better in school and grow up to be more successful in life. Tips for Parents

1. Be a model. Let your children see you read. Read to your children and have them read to you.
2. Provide a quiet place for homework and monitor progress.
3. Establish a daily family routine with scheduled homework time.
4. Foster accountability by insisting that children do chores and complete homework assignments.
5. Keep in touch with the school. Regularly visit the school or talk with teachers on the phone.

Flexible Parent Meetings

We want to make sure all parents have opportunities to be involved in activities at Mavericks. We strive to schedule meetings and events on varying days of the week and times of day to accommodate all parents. We know many of our parents' work which is why we offer meetings and events before school, during the school day, as well as in the evening. If you are still unable to attend events and can offer suggestions about making these meetings and events more flexible, we are open to suggestions.

Parent Teacher Compact:

Each year, we ask our students, parents and teachers to complete a learning compact. This is a commitment that we will all be partners in the education process. This compact was distributed your child.

Translation services

Mavericks has made the commitment to provide full opportunities for participation in parental involvement activities for all parents. American Sign Language translation services are available upon request. Parents may request an interpreter for conferences and meetings. An interpreter who speaks Spanish may also be requested to be in attendance for meetings and conferences. If you need a translator, they are available at no cost through the School District.

Send a note in your native language. We will have it translated and respond as soon as possible. Also, upon request, materials will be translated to ensure that parents are able to fully understand all written communication.
